

## It's time.

Time to lead others in experiencing wholeness as they understand God, their giftedness, and their place in God's kingdom.

Time to look at serving in ministry holistically – whether we are serving in our local faith community, within the context of our professional careers, or as someone seeking out certification/ordination in the United Methodist Church.

My Place for ministry leaders provides a semester long outline to use with young adults (ages 18-25) seeking to find relevance in their faith and call to serve God.

## About My Place

My Place is customizable to your needs: whether you are a large church who raises up missional leaders on a regular basis, or a small church lifting up one or two leaders at a time – My Place provides the consistent and in-depth structure church leaders are looking for when raising up new young voices into service.

# My Place

Each semester has three components or “tracks.”

- 1 My Experience** – understanding our experience of God and faith:
  - Conversations around 5 Cups of Coffee
- 2 My Identity** – discovering and claiming our uniqueness as children created in God’s image:
  - Strengthsfinder
  - Enneagram
- 3 My Place** – exploring how God is leading us to live our faith in relevant life-changing ways:
  - Everyday and Church-sponsored Ministry avenues
  - Missions
  - Mentor Relationships
